

## RECTIFIER TRAINING SEMINAR APRIL 21-22, 2020

Dynapower is pleased to offer a **two-day** Rectifier Training Seminar at our So. Burlington, VT facility. Presenting the seminar will be a team of experienced Dynapower service and training technicians with over 100 years of experience in the industry to guide participants through the operation, maintenance and troubleshooting of rectifiers. The seminar combines rectifier theory with hands on training and offers the opportunity to educate participants on rectifier operation and maintenance to maximize the uptime and efficiency of their rectifiers.

### SEMINAR TOPICS INCLUDE:

- Introduction to Power Supply Topologies — SCR and Switchmode
- SCR Rectifier and Switchmode Power Supply — Maintenance and Troubleshooting
- Touchpad — Operation and Troubleshooting
- Circuit Board Troubleshooting
- Semi Conductor Assembly

The Rectifier Training Seminar includes copies of all course materials, continental breakfast and lunch, transportation to our manufacturing facility.
